Talent**

.SHL.

Go beyond a conference call

With Smart Interview Live, you can remotely engage with candidates and reach hiring decisions faster.

We have built the smartest interview technology that helps you ask the right questions, empowers candidates to showcase talent and enables you to rate potential in the moment.

Provide the most interactive virtual interview setting

Conduct 1-2-1, group and panel-led interviews with easy scheduling, outlook integration, interactive whiteboards and instant file-sharing.

Ensure structured, consistent high-quality interviews

Standardize interviews across teams with science-backed questions and share observations and scores to make smart, collaborative hiring decisions.

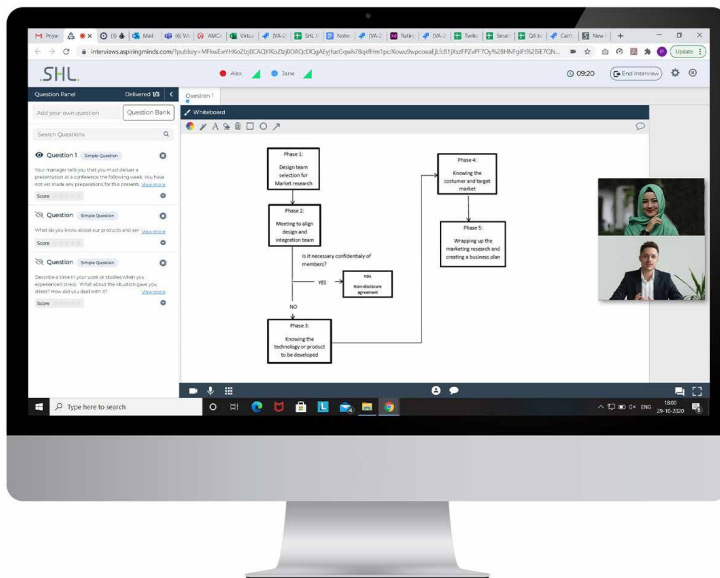

Delight with an immersive, branded candidate experience

Make live interviewing part of your brand journey, allow candidates to schedule interview as per their convenience and deliver one seamless candidate experience that converts.

Enjoy SHL's end-to-end assessment service

Smart Interview Live is available standalone or as part of SHL's end-to-end suite of assessment technology and services. Get deeper candidate insight by adding from SHL's unmatched portfolio of assessments.

Smart Interview seamlessly integrates with 80+ Application Tracking Systems.

Leading the way in talent innovation.

Find out how SHL can help you go beyond a conference call to delight shortlisted candidates and convert the best talent with Smart Interview Live.
